1. Please describe your experience serving on a City Commission and/or the City Council or with another community organization.

Most recently I was appointed by the City Council to serve a year on the City of Dublin's Fiscal Sustainability Task Force. In addition, for the last 18 years, I have been extremely involved in the community of Dublin and have held numerous leadership positions in community organizations. Starting with providing help to the teacher in my daughter's co-op preschool class in 2000, I have held many diverse leadership roles. I held elected positions on the Parent Faculty Club (PFC) and/or Site Council for each school my children attended, helped to establish by-laws for the PFCs for some of Dublin's newest elementary schools, served as an assistant soccer coach for the Dublin United Soccer League, led a Girl Scout troop, chaired the long-running Wells Middle School Crab Feed, and co-chaired the Dublin High School Every 15 Minutes program. My volunteer work and leadership in Dublin earned me the Dublin Unified School District Volunteer Recognition award (2012) and the DUSD Superintendent's Award (2016). In 2016 I was honored to be named the Dublin Citizen of the Year. I currently work for the Dublin Unified School District as the coordinator of the Dublin High School tutoring program.

2. What compelled you to run for public office?

## **CANDIDATE QUESTIONNAIRE- Hayward City Council**

I am running for office because I believe I can make a difference in our growing, diverse city. Being passionate about the city of Dublin, I have long attended all of our School Board and City Council meetings, often offering my opinion from the podium on issues before those elected bodies. I am ready to take the next step in service to my city as an informed Council Member, ready to make well-researched, long-range decisions that will continue to bring out the best in Dublin.

3. Do you want the Bay East Association of REALTORS® to endorse and support your campaign and if you do, why?

I am seeking the endorsement of the Bay East Association of REALTORS. I have been lucky enough to have been a homeowner since 1993, first in the Washington, D.C. suburbs, and now in California. More and more, we are seeing homeownership in the Bay Area out of reach of for many of our residents. Elected officials must work towards making homeownership possible for more Americans by working to safeguard secure lending practices, multiple price points, adequate housing supply, and tax policies that favor homeownership. I believe these values are in line with the goals of the Bay East Association of REALTORS, and I respectfully ask for your endorsement.
